We are excited to invite you to the inaugural “network and learn” event to be hosted by Joachim Masur (CEO Zurich insurance Switzerland). You are invited as you or your employer are a member of one of the 11 chambers of commerce participating in this event. The evening will be a 3 part event: learn, speed networking and drinks. Learn from our esteemed guests, Barbara Kux (Board Member at Firmenich, Henkel, Total & Umicore) and Georg Polzer (Co-Founder & CEO at Teralytics) to hear them present “How to thrive in a world of ambiguity?” and “A leap in the dark: starting your own company”, respectively.

Presentations will be followed by speed-networking (where you quickly get to know many guests in the room) and then the evening will conclude with a cocktail hour and open networking. Food and drink will be provided. This event is a joint initiative of 11 chambers of commerce in Switzerland, jointly representing 44 countries and 68% of global GDP. This is the beginning of a movement for young professionals (<40 years old) in Switzerland who are serious about building their careers. Please bring business cards to share.

Best regards,

The NextGen CH Team

A joint initiative of the American, Asian, Australian, Canadian, Central European, Chinese, French, Indian, Italian, Japanese, and Swedish chambers of commerce in Switzerland
